Prepared Environment (aka Classroom) Information

Name of Teacher	Location	# of Assistants	# of Children *	Age Span	Children's House**	Start Time	End Time
Example Teacher	Location A	1	28	2.5-6	12	8:30	3:00

*AMI advocates for large numbers of chidren per class whenever possible as part of an ideal Montessori Prepared Environment but recognizes that schools may not always be able to achieve the recommended minimum number in each environment. In these circumstances full recognition may still be granted if the Recognition Consultation determines that the expected outcomes are present, and the environment is otherwise functioning in ways which warrant recognition.

**For Elementary programs only, please list the number of children who attended an AMI Primary Program.
